SCOPD Partner Program Terms

Partner portal partners.scopd.net

1. Subject

These terms govern the participation of a company (the "Partner") in the SCOPD partner program (the "Program") and the use of the partner portal, materials, NFR / PoC licences and SCOPD trademarks.

2. Joining the Program

1. The Partner applies via the portal and provides accurate company information, including its registration / tax number.
2. SCOPD verifies the company (including sanctions and restricted-party screening) and within 2 business days approves the application, requests more information or declines it without giving reasons.
3. Participation creates no exclusivity for territories, customers or products unless agreed in writing.

3. Commercial terms

Commercial terms (discounts, special prices, NFR licences and other benefits) are agreed with each Partner individually and fixed in the partner agreement or separate agreements. SCOPD may introduce partner tiers in the future, notifying Partners as described in section 12.

4. Deal registration

Deals are registered under the Rules of Engagement published in the portal: review time, protection period, first action, conflicts and tenders. Deal protection does not guarantee that the deal will be closed.

5. NFR and PoC licences

- NFR licences are provided for demonstrations and training of the Partner's staff and may not be used in production or resold.
- PoC licences are provided for a pilot at a specific customer under a registered deal for a limited period.

6. Materials and trademarks

The Partner may use SCOPD logos, the brand kit and marketing materials only to promote SCOPD products and in line with the brand guide. Materials marked "internal use only" (including battlecards) must not be shared with customers or third parties.

7. Confidentiality

The parties keep confidential all information received under the Program (prices, terms, customer and deal information, non-public materials) and use it only for the purposes of the Program.

8. Compliance

- No bribery or corrupt practices.
- Compliance with export control and sanctions restrictions.
- No misrepresentation of products, prices or the Partner's status to customers.

9. Portal accounts

Accounts are personal; sharing credentials is prohibited. The Partner's administrator keeps the list of users up to date and disables leavers promptly.

10. Term and termination

Participation continues until terminated by either party with 30 days' notice. SCOPD may suspend access in case of a breach of these terms.

11. Liability

Neither party is liable for indirect damages or lost profits. Liability for commercial supplies is governed by separate agreements.

12. Changes

SCOPD may change these terms and the Program Guide with notice in the portal and by email to the Partner's administrators at least 30 days in advance.

13. Governing law

Defined in the partner agreement. *[to be confirmed by legal counsel]*
